Subject: Microsoft settlement

Dear Friends, I believe that it would be in the best interest of the country (even if it weren't in the grip of recession,) to settle the Microsoft case quickly and fairly. I think it was a bad decision to reject the generous offer Microsoft made. Please, please, for the benefit of us all, end this unnecessary case and the waste of the government's money. When you look at the outrageous Enron case which also will cost much of the public's precious money, (this is not a waste,) the Microsoft's offenses disappear.
